Dear

_____ (print patient name)

_____ (patient phone number)

has applied to enroll in The Journey Program. Our program provides guided exercise programs for cancer patients who are newly diagnosed, undergoing treatment, in remission and cancer survivors two years post treatment. The program is held twice a week for 10 weeks.

A specific individualized exercise program is designed for each participant, depending on the clients' needs and abilities beginning with basic stretching, flexibility, and core strength exercises. Modified resistance training is progressively added to increase upper and lower body strength and bone density. The client's program is carefully monitored so that their abilities and needs are consistently re-evaluated.

If you know of any medical or other reasons why participation in our Cancer Exercise Wellness Program by the applicant would be unwise, please indicate on this form.

If you have any questions about the program, please do not hesitate to call Annemarie Wigton, CPT, Cancer Exercise Specialist at 231-276-2494.

Report of Physician
